

Make a fortune telling scroll:bit

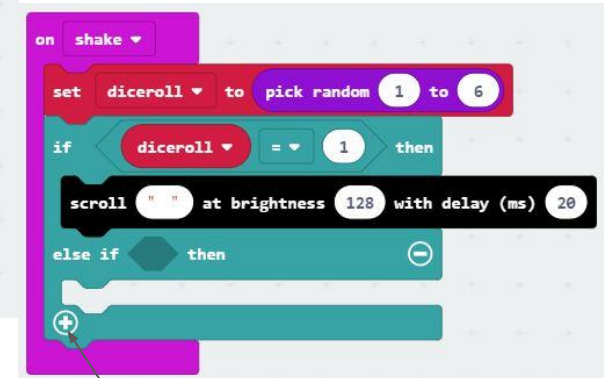

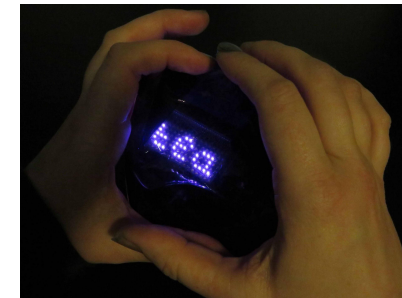

The sections of the menu where you can find these blocks are:

If you want to save battery, make it darker.

If the text scrolls too fast, make this bigger.

You will need to fill in some more fortunes where you see the blank text boxes.

To get more spaces to put your fortunes, click on this little plus sign.

How many ways could you trigger a fortune? How many random fortunes can you generate?

Download your code and flash it onto the micro:bit by dragging the saved file onto the micro:bit file system.
